FOR JUDGE COURT OF APPEALS.
We are authorized to announce

JUDGE B. L. D. GUFFY.

Of Butler county, as a candidate for the office of Judge of the Court of Appeals from the Second Appellate District of Kentucky, subject to the action of the Republican party.

Democratic Ticket.

FOR COUNTY JUDGE.

We are authorized to announce

E. T. WILLIAMS.

As the Democratic nominee for County Judge of Ohio county. Election, November 6, 1894.

CLEAN UP.

Let's hear from the Board of Health.

The watchword of every citizen should be clean up.

The Senate passed the Amended Wilson bill Wednesday.

If this old town was cleaned up once it would not know itself.

If the candidacy of Mr. McKay means anything it is to defeat Murray and nominate Montgomery.

JUDGE B. L. D. GUFFY is a racer from "way back" and so far as speed and endurance are concerned he is the political Nancy Hanks of the Green River country.

UNDER the new husband and wife bill, passed by the last Legislature, the wife may do anything but wear pants and even that is not absolutely prohibited.

If there is another town in Kentucky of equal size and pretensions to Hartford with dirtier and more uninviting streets, it should be rubbed off the maps.

If the Democrats in the Ashland District nominate Breckenridge, what excuse can others give to their party elsewhere or to the people of the United States for their blind devotion to a self confessed libertine?

TEACHER, whether your name is on the program of the Institute or not, you are expected to prepare yourself and be ready to respond at any time and on any of the subjects. This means you as well as the rest of them.

THAT season of the year has come when a general cleaning up is imperatively demanded. The chances are that if some firm and unequivocal steps are not taken the town will go on harboring the dense accumulation of filth of the past decade. Clean up.

The great and good Wesley is credited with saying that "cleanliness is next to godliness," but if the opposite is true that "filthiness is next to hellishness," then this old town is closer to the torrid zone of that undiscovered country, perhaps, than now we think.

WHEN will the people believe the Democratic party? When it declares Protection unconstitutional during Presidential campaigns or when face to face with facts in Congressmen acknowledge the wisdom of the Protective principle by incorporating it into the tariff policy of the Administration?

THE Hon. John Feland, of Owensboro, has declared himself a candidate for the position of Judge of the Court of Appeals from the Second Appellate District of Kentucky, subject to the action of the Republican party. He is a man of eminent ability and would be an ornament to the Judiciary and a credit to his constituents, but he entered the race for the nomination too late.

OHIO county will be represented in the National Educational Association next week at Asbury Park, New Jersey, by Miss Dora E. Gibson. Other teachers should have availed themselves of the opportunity of taking this trip, as they would no doubt be greatly benefitted by meeting the noted educators of the nation and hearing them exchange ideas about teaching.

Prof. McHENRY RHOANS, of Frankfort, was elected President of the State Teachers Association, which convened at Danville last week. He is one of the leading teachers of the State and a man in whom the people of Ohio county feel great interest. No man is better qualified for the place and none would give more earnest and well directed effort to the work.

THE Pullman Car Co. and their employees had some difference and the latter went out on a strike. Since then the railroad men through a diseased form of "sympathy" are boycotting the railroads using Pullman cars. The result is that traffic is hindered, life and property are endangered and chaos reigns in many cities of the North and West and East. Famine is threatened in many places by reason of the cutting of the shipment of provisions.

THE Democracy condemned Protection as a fraud and as being unconstitutional during the campaign of '92. Its leaders asked the immediate repeal of the McKinley bill, and yet, twenty months have skipped by them since the landslide of that year and the McKinley bill is still a law, the "fraud" is unimpaired and the Democratic majority of Congress is giving the party platform the lie every day by allowing the Protective features of the Wilson bill to be incorporated into the measure.

A CONTEMPORARY in speaking of the announcement of the Hon. John Feland for Judge of the Court of Appeals, says that his opponent, Judge B. L. D. Guffy, has carried a few of the "smaller counties." Now, we beg leave to remind the aforesaid contemporary that all the counties that have so far held conventions have instructed for Judge Guffy, that among them are Ohio, Grayson, Breckenridge, Butler and Meade, that the former has as large a delegate vote as the good county of Davies and that the total vote already instructed for Judge Guffy is 57. Only Muhlenburg, Logan, and Warren, have larger votes than has Ohio and the chances are that Judge Guffy will carry all three of these. It is a very significant fact that the Democratic press and politicians over the District are against him. They profess much interest in the welfare of the Republican party just now and would dictate our nominations if possible. "Shiny on your own side" gentlemen.

MR. L. F. HOCKER, Sutherland, Davies county, was mixing among his many friends here Sunday.

Miss Emma Stevens has returned from Davies county, where she has been visiting relatives for the past two weeks.

Mrs. J. C. Riley and children spent Saturday and Sunday among relatives near Buford.

Mr. Jo Foster is on the sick list at this writing.

Messrs. A. M. and U. C. Barnett attended the picnic at Echols Saturday, they report a pleasant time.

Misses Ola Ward and Prudie Bennett have returned to their homes on No Creek after spending a short while above Hartford among relatives.

Miss Stella Tanner is the guest of her sister, Mrs. Allen Anderson, at this writing.

Miss America Sharp is the guest of her sister, Mrs. Wu. Thomas.

C. H. Ellis attended the picnic at Rosine and the ball at that place on Saturday night, he reports a delightful time.

The Sunday School at Alexander is in a flourishing condition, we will name some of those who were visitors Sunday evening: Mr. L. F. Hocker, Sutherland; Davies county, Misses Mamie Ward, Ora and Bulah Barnett, Enlah and Prudie Bennett, Inez King, Mr. Virgie Sanderfur, No Creek, Misses Lydia Ward, Tula Bennett and Mr. F. J. Wood, Buford.

Mrs. Mary Ward has returned to her home on No Creek after spending quite a while with her mother, Mrs. Ike Bennett, of this place.

Miss Olla Anderson is on the sick list at this writing.

Miss Beatrice Morris, of this place, is visiting her aunt, Mrs. W. M. F. Holland, of Whitesville.

Mrs. Andrew Metcalf, who has been sick some time with consumption, died last Sunday morning at 10 o'clock. The remains were taken to Panther Creek Cemetery for burial. She leaves a husband and three small children.

Miss Maggie Chambers is visiting her grandmother, Mrs. H. V. Chambers this week.

Miss Cora Jones, of Whitesville, is the guest of Mrs. Nannie Jones this week.

We had a very good shower of rain here Tuesday and, also, some hail.

Mr. Alfred Rice went to Hawesville to-day to purchase a new buggy.

Miss Annie Metcalf, of this place, is spending the week with her sister, Miss Mary Metcalf, at Knottsville.

NO CREEK.

As I have not seen anything from this place for sometime, I deem it prudent to gather a few items, not especially to interest any one, but to let the public know that old No Creek is still among the living.

Misses Leola Ward and Prudie Bennett, of this place, visited friends above Hartford this week.

Miss Gertrude Carson, of Beaver Dam, is visiting her grand-uncle, Mr. and Mrs. T. H. Carson.

Mrs. T. H. Carson, who has been

confined to her room for several months, is no better at this writing.

Miss Alice King visited friends and relatives in Hartford last week.

Robert Carson made a flying trip to Beaver Dam one day last week.

Miss Mercedes Guffy, of Hartford, was the guest of Miss Mattie Barnett a few days last week.

Mr. Thompson, of Tennessee, visited his sister, Mrs. J. B. Perryman, a few days last week.

Mr. Simpson Barnett and little daughter are visiting his mother, Mrs. Ellen Barnett.

Rev. J. B. Perryman attended a District Conference at Earlinton last week.

Rain is needed very badly in this locality. Corn is looking very well, but there is but little tobacco set. Wheat good, oats moderate. Democratic Administration worse.

No Creek is not only among the living, but among the suffering and is bearing her part of the injustice forced upon her by the evil devices of Satan, which has so plainly grown out of Democracy in the past 15 months, but God works in a mysterious way His wonders to perform, and this way, though it be a trial of our faith, therefore, let us wait patiently the workings of Him who reigneth supreme.

By the way, won't the Democrats have to hustle to find a man that can go fast enough to overtake and pass Hon. John W. Lewis before the Sixth of next November? and will they not in their hustling for this, fail to get in sight of Judge Guffy for Appellate Judge, if he should be so fortunate as to secure the nomination, as no doubt; he will.

The Republican party has struggled hard, yet wisely and honorably for the good of the country, and in his for its reward a monument which will stand as long as time will last, while the Democrats have for their reward, starvation and panic.

RE-PUBLICAN.

"They Won't Let Us."

[SASHEVILLE REPUBLICAN.]

Of all the absurdities known to man the purile, whining plea of the Democratic press that this administration has not passed the tariff bill because the Republicans will not allow it is the most idiotic. The very idea is ridiculous, and the man who promulgates it is simply a bold-faced fool or an unmitigated liar. If they are not to act, what are majorities for? Give the Republican party the presidency, the United States Senate and a hundred majority in the lower house, and you can read the last year's platform and find out what is going to happen. With a Tom Reed in the chair and a Bill McKinley on the floor you will see Republican platform pledges rounding in to law in spite of Democratic filibusters and sugar trust thieves, and you will never hear one squeal "they won't let us." If you doubt this give us a majority of even three and we will show you whether they will let us or not.

They will let us because they cannot help it.

This silly Democratic squeal that "they won't let us" is sickening. The Democratic party is pledged, it has the power to perform, and it is responsible, and if it does not find these facts out pretty soon the people will find them out in time to act next November and at sundry other times in the future.

The Greatest Trip of the Season

To old Point Comfort and the seashore—the most enjoyment for the smallest expense.

The regular annual excursion to old Point Comfort in charge of Mr. W. A. Wilgus, T. P. A., will be run Thursday, July 26th, via of C. O. & S. W. railway, from Beaver Dam, on regular train, leaving at 3:35 a. m., connecting with sea shore specials, which leaves L. & N. Union Station at 1:30 p. m. The round trip to old Point Comfort is only \$15.50 and the tickets are good until August 17th, with stop-over tickets returning only.

This trip surpasses any offered the traveling public when you consider the small expense and the many delightful diversions offered. Grand and beautiful scenery, invigorating mountain air, sun-bathing, ocean voyage, palatial entertainment at the Hygeia Hotel and a visit to the Capital if so desired.

The low rate of \$25.50 per day has been secured at the Hygeia Hotel for all who go on the special. Every attention and courtesy will be extended to ladies without escorts. Choice of routes returning, between Richmond and Clifton Forge, will be given, enabling those who desire to visit Lynchburg, Natural Bridge and other points of interest.

Sleeping car rates will be \$10 per berth, from Louisville to old Point Comfort, to be occupied by one or two persons, and applications for sleeping car space should be made at once to W. A. Wilgus, 253 Fourth Street, Louisville, Ky. For further particulars address as above or call on Agent of the C. O. & S. W. R. R.

Sufferers from chills and fever, who have used quinine as a remedy, will appreciate Ayer's Agree Cure. This preparation, if taken according to directions, is warranted a sure cure. Residents in malarial districts should not be without it.

Mr. T. J. Morton left Sunday morning to spend vacation with friends and relatives in the country near Heaven Dam and Prentiss.

No Expression But that of Satisfaction

Out of the thousands who have taken the trip to Old Point on the personally conducted excursions, the first comment of dissatisfaction is as yet to be heard. So carefully has the personal comfort of the passengers been looked after, that when others return all have expressed themselves as having received more for their money than they expected.

These trips are conducted on the most elevated basis, and so as to be taken at the least possible expense.

In the first place, reduced rates for side excursions to New York, Washington, Norfolk, Baltimore and other points are secured, which enables those who desire to extend the trip to do so at a small additional cost. The remarkably low rate of \$25.50 per day at the Hygeia Hotel is granted to holders of special seashore excursion tickets, and this hostelry is pronounced by all who have gathered around its festive board and who have promenade its spacious halls, parlors and corridors, to be a veritable paradise for the rest and comfort of the weary traveler.

Then an experienced representative of the company is sent with the party to look after every detail and see that nothing is left undone to make the trip all that could be expected.

Those who want to divert their minds from business cares, and enjoy the mountain scenery and ocean breezes, should arrange for the trip on July 26th.

Y., some time since. —[Louisville Times.]

Another Solid Institution. We call attention to the published statement of the Bank of Hartford at the close of business June 30th. This statement shows a healthy condition and must be very gratifying to the stockholders who get their semi-annual dividend of \$4 per share out of the net earnings of the past six months.

This institution has paid to its stockholders the last four years TEN THOUSAND EIGHT HUNDRED DOLLARS in dividends and has FIVE THOUSAND DOLLARS clear of all expenses, undivided profits, and when we consider that two years of the four have been the worst on banks in the history of this country, this is certainly a most remarkable showing and reflects great credit on the directors and managers of the bank. This bank is solid as the rock of Gibraltar and justly merits the confidence the people have in it.

Frank Fleener shot and seriously wounded Newt Dennis at Abertden, Butler county, last Monday evening. At last accounts no one knew the cause of the trouble.

Writ was issued yesterday for arrest of Cicero Bryant with charged stealing a tarpaulin from Chas. R. Campbell's wheat stacks Wednesday morning.

John Dobbs, living near Rosine, lost a fine fat cow, Monday night, and Tuesday John was in town with his rifle looking for his cow and Link Kuykendoll, his brother-in-law, who he believed had stolen the cow. Dobbs went on toward Owensboro yesterday having heard the cow was seen pulling Kuykendoll toward that city.

Mr. C. R. Campbell, Kinderhook, uses a tarpaulin to cover his wheat stacks. Wednesday morning he arose to find his canvass gone. He noticed a wagon had passed in the night and that it had stopped opposite the stacks. He started in pursuit and at Rochester came upon some parties who had the stolen article in possession. Mr. Campbell obtained his property and returned home.

Odd Fellows Barbecue.

Fully 600 people attended the barbecue at Echols, last Saturday, given for the benefit of the proposed new Odd Fellows Hall at Rockport. A beautiful dinner was served and the immense crowd enjoyed themselves greatly.

There were two games of base ball, one in the morning and one in the evening. The former was a lively contest between the Rockports and the Rockesters, resulting in favor of former by a score of 28 to 6. John H. Barras umpire.

The afternoon game was played by the Central City team and a picked nine of the county. The score stood 10 to 4 in favor of Central City, which shows an exceeding good game. The picked nine had never played together before and were handicapped in various ways.

Hardwick, of the picked nine, had a finger knocked out of joint by a swift ball and was unable to pitch. Ash, of the little Taylor Mines twirler, was a puzzle to the Central City sluggers.

There was an effort made to have the Central City come to Hartford, but no dates were agreed upon.

The game was intensely interesting throughout, but was good humored and friendly. Umpired by Fritz.

Knives and Pistols.

[OWENSBORO MESSENGER.]

At a dance given by a man named Crist, about three miles below Hawesville, Saturday night there was a general "knock down and drag out" row. Pete Best, Jr., who owns the farm, went down to see some coal diggers and attend to some business. A man named Beard, who was drunk, entered the room and began firing a pistol. He shot at Best four times, after which Best deliberately knocked him down and was giving him a sound thrashing when a friend of Beard's attacked Best with a knife, inflicting a painful but not serious wound. Before he could do further injury a friend of Best knocked Beard's friend down. Beard was hauled home in a wagon more or less "banged" up, his friend was ousted and the dance proceeded without further disturbance. Mr. Best owns a distillery near the place and is a quiet and orderly citizen.

Whiskers that are prematurely gray or faded should be colored to prevent the look of age, and Buckingham's Dye excels all others in coloring brown or black.

REDA.

July 3.—Prof. S. C. Stevens was a welcome visitor at Beda Sunday School last Sunday.

Messrs. John and Rufus Herrel were the guests of their brother, David Herrel, Sunday.

Mr. Luther Easterday, while binding wheat one day last week, was bitten by a snake. It bit through his sleeve and left the prints of its teeth in his arm.

Mr. Charlie Godshaw and sister, Rosalie, were the guests of their father Sunday.

The good people of our community are going to meet this evening at Mt. Herman to offer up a supplication for rain.

A dire pestilence is in the air, it feedeth at night, it walketh at noonday, and it has slain some of the best dogs in our community. It first came about in the way of a distemper, but the Board of Health could detect nothing wrong in that line, so a committee to whom was referred the matter decided that the poor creatures, who are now better off than their executioners, came to their death by taking too much poison. The committee also secured a first-class detective—the Pinkerton of our locality—to ferret out the mystery, and he reports that he has the perpetrators located and is only waiting further developments.

In Memory.

Other, son of Robert and Cilla Forrester, departed this life June 25, '94, aged 3 months and 6 days, after a week or ten days illness.

Lovely Other, how brief thy stay, Short and hasty was thy day; Finding soon, thy journey here, Pain and grief no more to bear. Hard it was from thee to part. For it rends the aching heart; But an heir of glory's gone, Let the will of God be done, Piled on a Saviour's breast, Sweetly sleeps and safely rests; Soon the morning will restore, Darling Other, we deplore.

THE GLORIOUS FOURTH

Celebrated at Rochester by the Soldiers' Reunion.

The Great Old Town Does Itself Proud in Entertaining the Visitors.

2,500 TO 1,000 IN ATTENDANCE.

Wednesday was the Fourth and the Fourth was Wednesday.

According to agreement here a year ago the Annual Soldiers' Reunion was held this year at Rochester. The day was all that could be desired. The clouds of the morning with the cool breezes lessened the heat of the previous few days, so that what might have been a day of oppressive temperature was rendered quite pleasant.

The crowd began to gather early, and by 10 o'clock an immense throng surged through the streets and out to the beautiful grounds three quarters of a mile back of the town. The location was a very pretty one reaching from the crest far down the slope of a well shaded hill. Comfortable seats had been furnished and a pleasant speaker's stand erected and decorated.

At 10:30 o'clock the old soldiers under the direction of Commander, S. K. Cox, assisted by Capt. Kinnaird, formed in the town and preceded by the Calhoun Cornet Band marched to the grounds. Color Sergeant Rowe carried the old State Guard Flag of the 11th Ky. There were from 200 to 400 in line and the "boys," though gray-haired and bent, would respond with quickened step to the strains of martial music.

On reaching the grounds the exercises of the day were opened with prayer by Chaplain, J. A. Bennett.

Rev. — delivered the welcome address and gave the old soldiers and visitors such a cordial greeting as made all feel perfectly at home among their Butler cousins.

Col. S. P. Love, of Greenville, responded to the welcome address and his effort was in every respect worthy of the occasion. Hon. E. Dudley Walker, of Hartford, was then introduced as the orator of the day and delivered a speech such as he alone could deliver and one which captivated the large and appreciative audience. Many were the compliments passed upon the speaker and the speech.

Dinner was announced ready and free for all. And such another dinner as it was. Besides the bountiful repast spread upon the long winding tables, for the crowd generally, many of those living within a radius of five miles or even more, brought spreads of their own and invited their innumerable friends. Scarcely ever before has there been so much that is good for the inner man been brought to one spot of ground.

Just as the dinner hour was over and the crowd was beginning to get itself together for a pleasant evening's exercise or social enjoyment a light shower of rain began falling and the threatening clouds drove many away, but upon the whole it was a most pleasant occasion and the good people of Rochester and surrounding country will long be remembered for their openhanded hospitality.

The old soldiers did not separate, however, until they had elected officers and chosen a place of meeting for next year.

Captain Sam K. Cox, of Hartford, was re-elected Commander and Clay Beckham, of Calhoun, was chosen Vice President. J. A. Gillette, of Rochester, Secretary, and Rev. J. A. Bennett, of Beda, Chaplain.

It was the unanimous choice of those present that the next Reunion be held at Calhoun, July the 4th 1895.

A Lively Shooting Scrape.

Last Sunday morning a peddler at Horton shot and perhaps fatally wounded Wiley Simmons. The ball passed through the abdomen, and while the wound is not necessarily fatal his friends are in much doubt as to his recovery. It seems that Simmons was one of the managers or proprietors of the barbecue at Horton the day before and that the peddler had been selling goods on the grounds, drawing the crowds away from patronizing the 'cue. This annoyed Simmons and he ejected the offensive peddler from the grounds and took possession of his pack. Sunday morning the latter went to Simmons' home for his budget and they became engaged in a fight, with the above result. Both had pistols and both used them promiscuously, but the peddler proved the better shot.

He was not arrested and so far we can learn is still at large.
